

INSPIRED SUMMER 2022

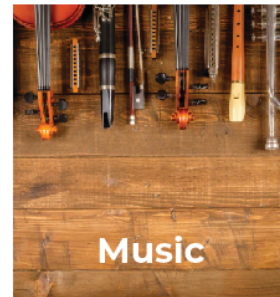

JULY 5 THRU JULY 28
Monday-Thursday: 9:00am to 2:45pm

A customized summer program for students in 6th-12th grades that combines academic skill-building with social-emotional wellness experiences.

Summer is a great time to work on writing, math, and executive function skills. We offer skills-based and for-credit classes across the curriculum through group and individual instruction.

InSPIREd Summer continues the Spire School's health and wellness tradition with fun, interactive team building and self-help experiences that emphasize healthy coping skills, stress management, the mind-body connection, building self-esteem, and social connectedness.

CREDIT OPPORTUNITIES FOR CORE CLASSES, PLUS ENRICHING ELECTIVES INCLUDING:
